MEMORANDUM FOR: Project Director

SUBJECT: Photo Intelligence Requirements for
Near East Photography

1. Mr. Sheldon, Acting DD/I, called me to his office this afternoon to discuss with him and [REDACTED] any planning which they should undertake to meet PI needs on Near East photography [REDACTED] etc) which might be available in the near future.

2. I told him that I had no direct knowledge of this new operation but that I would assume no need for any change in the handling of this material until it reached Washington. Nor, I said, would I expect this to be withheld from the other agencies. I stated that I saw no need for any special preparations on the part of HTAUTOMAT pending the receipt of such material.

3. Sheldon inquired about the priority of such material which should be interpreted upon receipt of the material. I said that I assumed but did not know that such requirements would come principally from ONE and OCI.

4. I told Sheldon that I would report this matter to you promptly upon your return and that it would be well for him to discuss the question of requirements for photo interpretation, or any other matter, with you directly.
